THE EDUCATORS.

Professor George N. Olcott of Columbia university says the "N" stands for "Nothing." He had no middle initial, so he gave himself one.

Dr. Martin Kellogg, for many years one of the leading members of the faculty of the University of California and for five years its president, has just died.

President J. M. Taylor of Vassar college believes that there is nothing in the college training of American women to produce abnormal results and that it has little if any bearing upon the matter of marriage and the home.

Brass Polish.
A good brass polish is easily made for less than the manufactured article. Put an ounce each of powdered rottenstone, some soap and ammonia into a jug. Pour on a pint of boiling water and mix thoroughly. Bottle when cold, and keep tightly corked. Some people vary this recipe by using lemon juice instead of ammonia.

Odd Echoes.
In a cave in the Pantheon the guide by striking the flaps of his coat make a noise equal to that produced by firing a twelve pound cannon. In the cave of Smellin, near Viborg, Finland, a stone thrown down a certain abyss makes a reverberating echo which sounds like the dying wail of some wild animal.

Are you about to build? If so see that your builder's contract has a clause providing that the structure shall be erected by union labor which will insure you of good work and a job completed without delay. Per order Union 481, Carpenters and Joiners of America. S. R. Doty, Sec.

Glasses fitted by an eye sight specialist at J. W. Holton's.

London Store Detectives.
The women who are employed as detectives in London department stores receive about \$10 a week or twice as much as the saleswomen. When a woman is caught stealing the usual method is for the detective to ask to see her bill just before it is paid and to add the cost of the stolen article.

Women in England and Wales.
In England and Wales from 16 to 17 per cent of the women do not marry. In London the percentage is twenty.

Sentry Dogs.
The military posts at the German naval port of Wilhelmshaven are fitted out with watchdogs. Each sentry has one dog by the leash and lets it loose when suspicious people refuse to stop.

ARE YOU SATISFIED?
If Not, What Better Proof Can Barre Residents Ask For?

This is the statement of a Barre citizen.

The testimony of a neighbor. You can readily investigate it. The proof should convince you.

Alvin F. Smith, retired, address 19 West Street, says: "I was interviewed by a gentleman in the winter of 1897 about my experience with and opinion of Doan's Kidney Pills, a preparation for which I had gone to E. A. Brown's drug store and of which I took a course of the treatment. I believe I was born with a weak back and as I grew older, at least every year, I was subject to an attack of backache which compelled me to take to my bed. Doan's Kidney Pills stopped that annual occurrence and they have been the means of stopping other attacks since. When I look back over the 32 years of my life and think what I might have escaped had I known about the value of Doan's Kidney Pills, it makes me wonder that people, when they know of a remedy which acts up to reputation, will not at once avail themselves of a positive means of preventing kidney complaint or any of its consequences. Often I could neither lift any weight nor stoop without suffering and added to this, there was a difficulty with the kidney secretions. Doan's Kidney Pills absolutely stopped a very severe attack. I have recommended them to many friends and acquaintances since the remedy came to my notice, and I know of a great many who have taken a course of the treatment and received undoubted benefit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.
